

## **FastTrack Class for Ages 8 and Above at Punjabi School Bothell**

Welcome to our FastTrack Class, designed specifically for children aged 8 and above, up to teenagers. We created this class to meet the growing demand from families who wish to teach the Punjabi language to their kids. Often, these children feel shy sitting with younger kids at regular levels and can learn faster due to their maturity levels.

### **Class Objectives:**

- **Targeted Learning:** Provide a comfortable and age-appropriate learning environment for older children who are new to the Punjabi language.
- **Accelerated Progress:** Facilitate a faster learning pace due to the students' higher maturity levels.
- **Smooth Transition:** Ensure students are ready to move to regular levels when prepared.

### **Evaluation and Promotion:**

- **Quarterly Assessments:** Students are evaluated each quarter on their readiness to join regular levels (from Level 1 to Level 5).
- **Collaborative Decision:** Promotion decisions involve the class teacher, parents, and the respective level teacher.
- **Individualized Learning Plans:** Teaching methods are tailored to suit each student's unique needs and learning speed.

### **Class Structure:**

- **Age Group:** 8 years and above, up to teenagers.
- **Flexible Learning:** A curriculum that adjusts to the pace of each student.
- **Comprehensive Curriculum:** Covers reading, writing, speaking, and understanding cultural contexts of the Punjabi language.

### **Benefits of Our Program:**

- **Age-Appropriate Environment:** Students learn alongside peers of similar ages, creating a comfortable and supportive learning environment.
- **Enhanced Confidence:** Learning with peers boosts confidence without feeling self-conscious about age.
- **Cultural Connection:** Helps children connect with their cultural heritage, fostering a sense of identity and belonging.
